SPCOA TO BE FEATURED IN SKINNED KNUCKLES MAGAZINE by Lanny Baron 7-11-2018 Recently I was contacted by the editor of Skinned Knuckles magazine, a monthly publication about antique car restoration; to write a series of articles about the club and antique spark plugs. In return he is giving us display ads in the magazine to promote the club. The first piece will be in the August issue which will be an overview of plug collecting to be followed in later issues by articles featuring various types of “Gadget” plugs which he feels will be of interest to his readers. See you all in Portland next month!! Lanny
